DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- In light of C.F.R. 1.121(c)(1), the status identifier statement "Cancel claims 1 through 6" has been replaced with --Claims 1-6 (canceled)--

Allowable Subject Matter

2. Claims 7-20 are allowed.

3. The following is an examiner's statement of reasons for allowance: Claims 7 and 14 (with all dependant claims) are allowable because of the pivotal saw blade, cam, and knife blade shuttle combination and that operation of the cam allows release of the pivotal blade and the shuttle operates the cam through selective engagement as set forth in the claims. None of the prior art cited discloses an apparatus that incorporates a pivotal saw blade, cam, and knife blade shuttle combination and that operation of the cam allows release of the pivotal blade and the shuttle operates the cam through selective engagement to prevent any unwanted movement of the blades to allow for safe storage.

Therefore, in view of what has been stated above, the claims are allowable over the art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
